GENERAL INFORMATION

16

FROM THE PRESIDENT OF INDONESIAN PEDIATRIC SOCIETY (IPS)

Greetings from Indonesian Pediatric Society

Please allow us to warmly welcome you to the 18th Indonesian Congress of Pediatrics (KONIKA XVIII) that will be held on 15-19 October 2021. This year, the Congress, which consists of organization assembly, congress and scientific events, will be organized in virtual environment. Even though the pandemic is not over yet, child health services must be optimal according to standard while prioritizing health protocols. We have not finished our task regarding newborn and under five mortality rate, we must cooperate to solve this condition. Providing immediate and exclusive breastfeeding, improving skill of health professionals, improving access to nutrition, water, sanitation and hygiene, also providing immunizations, include COVID-19 immunizations for children.

In accordance with the Indonesian Pediatric Society strategic planning and in line with Sustainable Development Goals (SDG) 2030, in scientific events will discuss the substantial topic such as global health threats, stunting, neonatal and infant mortality, also revitalization of pediatric care in the pandemic. The IPS collaborates with Turkish National Pediatric Society (TNPS), Asia Pasific Pediatric Association (APPA) and American Academy of Pediatrics (AAP). We sincerely hope that the knowledge and experiences that will be shared during this event will contribute to the management of everyday practice.

This event is a result of effort Indonesian Pediatric Society Working Groups, Task Forces, Organizing committee, Pactoconvex as an event organizer, partners and other parties.

Bringing the theme “Anak Sehat, Anak Indonesia” (Children’s Health is the Greatest Wealth), we hope this event will be delivering a positive support to children’s health, to achieve our mission for the golden generation 2045.

Prof. Aman B. Pulungan, MD, PhD, FAAP, FRCPI(Hon)
President of Indonesian Pediatric Society

MESSAGE

FROM THE CHAIRMAN OF KONIKA XVIII MEDAN 2021

Assalamualaikum Warahmatullahi Wabarakatuh

Dear Colleagues,

On behalf of the Organizing Committee Chair, It is a great pleasure and an honor to extend to you all a warm invitation to attend the 18th National Congress of Pediatric (KONIKA XVIII) will be set in Medan, North Sumatera on 15-19 October 2021 as an online congress and workshop, organized by Indonesian Pediatric Society (IDAI) of North Sumatera Branch.

Due to pandemic situation, the 18th National Congress of Pediatric (KONIKA XVIII) was postponed for a year and now we are back online to give participants more comprehensive annual meeting during this pandemic.

Children are the seeds of the nation that determines the future of Indonesia. Health problems experienced by these children must be handled as optimum as possible to guarantee the health quality in the future. Therefore, the KONIKA XVIII Medan provide workshop include all the division to participants in various pediatric which are commonly found in daily clinical practice.

We sincerely hope all participants will be able to get the optimal benefit from this congress and helping children in improving their quality of lives.

Warm Regards,

Prof. Munar Lubis, MD
Chairman of KONIKA XVIII Medan 2021 and
Chairman of Indonesian Pediatric Society
North Sumatera Chapter

ORGANIZING COMMITTEE

COMMITTEE PATRON:

- Governor of Sumatera Utara
- Major of Medan District

ADVISORY BOARD:

- Rector of Universitas Sumatera Utara (USU), Medan
- Dean of Faculty of Medicine Universitas Sumatera Utara (USU), Medan
- Director of Haji Adam Malik General Hospital, Medan
- Director of Universitas Sumatera Utara Hospital, Medan

STEERING COMMITTEE

President of Indonesian Pediatric Society	: Aman Bakti Pulungan
Head of Indonesian College of Pediatric	: Aryono Hendarto
Chairman of BP2A	: Jose Batubara
Chairman of Indonesian Pediatric Society Sumatera Utara Branch	: Munar Lubis

PLENARY LECTURES

- *Masa depan anak-anak Indonesia di masa setelah pandemi COVID-19*
- *Menyongsong perubahan tatanan kehidupan global: optimalisasi peran dokter spesialis anak*
- *Pemenuhan kompetensi pendidikan dan pola pendidikan IKA yang sesuai selama masa pandemi COVID-19*
- Advancing treatment of chronic kidney disease : what do we know and don't in stem cells?
- Coagulopathy : revisiting the better understanding
- Vitamin D sufficiency: understanding pathway of immune-protection
- Pediatric neurology problems in Indonesia: shifting from infection to autoimmune disease
- Cardiovascular risk in children and adolescent: are we failed to prevent it since earlier age?
- Ending the Pandemic : is it possible?
- Refugee children in Turkey
- Better quality access for neonatal care: before, during and after birth
- Neuroimaging for screening and predicting long-term outcome in neonatal brain injury : when and how?
- The initial therapy and outcome of multisystem inflammation syndrome in children
- Gut microbiome dysbiosis in pediatric COVID-19
- Adaptation and innovation in managing pediatric respiratory disease during pandemic
- Implementing growth chart in growth monitoring
- Childhood malnutrition jeopardizing the future of Indonesia: How pediatrician solve the issues?
- Serve and return experiences shape brain architecture in critical period of child development

PARALLEL SYMPOSIUM

- Indonesian College of Pediatric
- Drug Allergy: from Diagnosis to Management
- Sustainable Management of Pediatric Endocrinology Problems
- Behavioural Problems during Pandemic
- COVID-19 and The Heart
- Vitamins for Boost Child's Immune System: Science or Myth?
- The Neurologic Problems from Practice to Advance Treatment
- Essential Problems in Pediatric Nephrology
- Hematologic Problems in Childhood Covid-19
- Preventing Infection for A Better Life
- Holistic Life Support for Preterm Infants
- Pediatric Intensive Care– Break the Borders
- Gastrointestinal Issues in Pediatric
- Managing Respiratory Disease in Pandemic Era
- Common Pediatric Problems: Role of Imaging

MEET THE EXPERT

- The Latest Update in Allergy Prevention: Experts Recommendation on Partially Hydrolyzed Protein in pediatric practice
- Protect Our Children from Dengue: Call to Early Diagnosis
- Update Burden of Disease, Safety and Efficacy of MMRV vaccine
- Transforming the Management of Haemophilia A with Turoctocog alfa (rFVIII)
- Ethics dan Patient Safety during COVID-19 pandemic
- Social Emotional Development: How to Optimize with Gut Brain Axis?
- Challenges in Elimination & Provocation for CMPA Management
- Exploring the Potential Role of Zinc : Modify Gut Microbiome and Immune System In Children
- Managing Airway Inflammation in Children
- Insight on Synbiotic and its Impact to Immunity in Early Childhood
- The Intriguing World of Probiotics, Postbiotics, and Paraprobiotics
- Management of Acute Respiratory Infection in Children
- Evolution of Hemophilia Care : Where are We Now

and many more

E-POSTER VIEWING

Abstracts selected for this category will upload their posters electronically, the posters will be available for viewing in the E-poster hall. There is no designated time for presentation. E-Poster could be seen anytime by viewer.

PREPARATION

1. Authors are requested to provide a five slide presentation file (accepted formats are: .pptx in PDF).
2. E-poster format in multiple slides of power point presentation, created in 16:9 ratio.
3. Files must be prepared that show the aim, methodology and results of the research work.
4. NO PRINT OUTs are required for the e-Posters.

SUBMISSION

1. Make sure beforehand that you have received an official notification via email from the committee stating that the abstract has been assigned by the Scientific Committee to presented as e-poster presentation.
2. E-poster should be sent electronically via designated link provided by the Organizing Committee.
3. E-posters sent by E-mail WILL NOT BE ACCEPTED
4. Viewers can give like and ask questions through chat features. The committee will announce the most favorite poster from your like.

PRIME E-POSTER

Ten (10) selected abstracts will get an honor for oral poster presentation. Abstracts selected for this category should upload their posters electronically; the posters will be available in the E-poster hall. A designated time for presentation will be assigned for each abstract.

PREPARATION

1. E-poster presenter will present e-poster orally in pre-recorded presentation video in Zoom Application.
2. The pre-recorded video should include e-poster and presenter face. Presenter face must be smaller than the slide show
3. Use official Virtual Background provided by the Organizing Committee.
4. The duration of pre-recorded presentation video is no longer than 2 minutes.
5. Q&A will be conducted LIVE in 3 minutes. So it is critically important to prepare well yourself and equipment in advance of designated time for this session.
6. Find a comfortable spot with stable internet connection; test your speakers, microphone and camera.
7. Use your time slot and concentrate on the “WOW” results you obtained with your work.
8. Presentation in English. It will be opened for overseas participants.
9. The pre-recorded presentation video should be uploaded online via designated link provided by the Organizing Committee.
10. Please note if your abstract and pre-recorded presentation does not meet requirement by Scientific Committee, your abstract is considered REJECTED.

- All abstracts of original research will be considered for oral presentation.
- If your abstract will be assigned to Oral Presentation by the Scientific Committee, you will need to prepare the slides of presentation and present in a virtual oral presentation session.

PREPARATION

1. Oral presenter will present in pre-recorded presentation video in Zoom Application.
2. The duration of pre-recorded presentation video is no longer than 5 minutes.
3. Q&A will be conducted LIVE in 5 minutes. So it is critically important to prepare well yourself and equipment in advance of the actual date and time of your presentation.
4. Use your time slot and concentrate on the “WOW” results you obtained with your work.
5. Use official Virtual Background provided by the Organizing Committee.
6. Find a comfortable spot with stable internet connection; test your speakers, microphone and camera.
7. For the proper recording result, the slide presentation display should be bigger than presenter’s face.
8. Presentation in English. It will be opened for overseas participants.
9. The pre-recorded presentation video should be uploaded online via designated link provided by the Organizing Committee.
10. Please note if your abstract and pre-recorded presentation does not meet requirement by Scientific Committee, your abstract is considered REJECTED.
